AWARDS

In 2019 was awarded **Premio Tragos** as **emerging stage designer** for *Visite* (I Gordi/Teatro Franco Parenti).
I Gordi, a Milan based company I am part of, was also awarded **Premio Hystrio Iceberg** in 2019 and **Premio Anct** in 2020.
Within my ongoing collaboration with opera designer Julian Crouch, *Orpheus in der Unterwelt* (Volksooper Wien) won the **Österreichische Musiktheaterpreis** for **best staging** in 2024, and *Hänsel und Gretel* (Teatro alla Scala) won **Premio Abbiati** for **best sets, costumes, lights and videos** in 2018.

SKILLS

Languages

I'm an **Italian** native speaker, I'm very fluent in **English** and I speak intermediate **German** and basic **French**.

Softwares

Rhinoceros, **Blender**, and **Nomad Sculpt** are my favourite tools for 3d modelling, CAD, rendering and 3d printing. I sketch in Procreate and Adobe Photoshop.

I have also worked with **AutoCAD**, **3d Studio Max**, and **Adobe InDesign**.

Crafts

I'm trained in scenic painting and sculpting, resin and plaster moulding and casting, fabric dying and decoration, prop, mask and puppet making, and carpentry. I am familiar with the entire 3d printing process in FDM, SLA and more. I'm a self-taught freehand sketcher. I can sew and knit and I'm learning pattern-making.

Other interests

I'm a language enthusiast with a soft spot for ancient literature. I am passionate about storytelling and I order my thoughts in writing. I enjoy long trips and big cities, I'm a restless walker, an eager biker and a decent bicycle repairman. I like old objects, design oddities, and time spent finding, fixing or building anew. I crochet, although I rarely follow a pattern. I have a deep curiosity for puppetry, for unconventional theatrical experiences, and for collective and decentralised design practices.
